Private equity fund accounting book pdf download 2020 version

And is there a different way to look at it? This Self-Assessment empowers people to do just that - whether their title is entrepreneur, manager, consultant, (Vice-)President, CxO etc... Is your system batch-oriented or real-time on-line? Where appropriate, examples will be included. The global guide for private equity firms and fund accountants Written by Mariya Stefanova and expert contributors, our best-selling Private Equity Accounting book provides essential guidance and advice in a single volume for all private equity practitioners and fund accountants around the world across all accounting standards. Featuring 2211 new and updated case-based questions, organized into seven core areas of process design, this Self-Assessment will help you identify areas in which Fund Accounting improvements can be made. In using the questions you will be better able to: - diagnose Fund Accounting projects, initiatives, organizations, businesses and processes using accepted diagnostic standards and practices - implement evidence-based best practice strategies aligned with overall goals - integrate recent advances in Fund Accounting and process design strategies into practice according to best practice guidelines Using a Self-Assessment tool known as the Fund Accounting Scorecard, you will develop a clear picture of which Fund Accounting areas need attention. Your purchase includes access details to the Fund Accounting self-assessment dashboard download which gives you your dynamically prioritized projects-ready tool and shows your organization exactly what to do next. The posts will address the following: Commitments & Closings Drawdowns Equalisation ('True-up') Interest Compensation Charge Excused Investor Expenses Management Fee Basics Management Fee Challenges Carried Interest - Preferred Return Carried Interest - Catchup Carried Interest - Deal-by-Deal Model Carried Interest - Whole-of-Fund Model Carried Interest - Hybrid Model I might change my mind as I go along and add to, or subtract from, the above list. I'll also take into account suggestions received for specific topics for inclusion. Each post will be brief. Why would they? Does the financial position include total assets, total liabilities, and unrestricted, temporarily restricted, and permanently restricted net assets? Over the course, students will be provided with a deep understanding of the mechanism underpinning the creation and/or development of a firm and the financial support it can get from the financial system through venture capital investment. By Mariya Stefanova The limited partnership agreement explained By Mariya Stefanova Fund lifecycle By Mariya Stefanova Initial, subsequent and final closings, rebalancing & equalisation By Mariya Stefanova Drawdowns By Mariya Stefanova Partner transfers By Mariya Stefanova Investments By Mariya Stefanova Valuations - the accountant's perspective By David L. Consequently, should their firm take on private equity funds, those accountants are at a serious disadvantage. Taking on the fund accounting for private equity from another service provider can be a challenge, even for those with some private equity accounting experience. Private equity (named venture capital when the company is in the first phases of its life cycle) deals with very different activities, such as scouting, advisory, deal-making, valuation, and financing as financial intermediaries see it. However, serious control issues can arise if the expertise is not already in place. COURSE SYLLABUS The course is made up of four different modules: WEEK 1 - Introduction to Private Equity and Venture Capital WEEK 2 - Discovering Private Equity Investors: Legal Issues and Taxation WEEK 3 - Management of Private Equity and Venture Capital Funds WEEK 4 - Company Valuation And Deal Making In Private Equity Settings WEEK 5 - Final Test Throughout the course, guest speakers and practitioners will be interviewed to provide some examples of concrete applications of the contents presented. The course tries to discover how special financial intermediaries (called private equity investors) finance through equity companies belonging to different stages of their life-cycle, starting from the very beginning (startup and early stage) to a more mature phase (i.e. expansion, mature age, etc.) or also staying into crises and decline. What are the options for fund accounting? Larsen, Duff & Phelps Expenses and income By Mariya Stefanova Management fee versus priority profit share By Mariya Stefanova Distributions By Mariya Stefanova Carried interest By Mariya Stefanova Fund financial statements By Mariya Stefanova More about allocations By Gaurav Marwah, Augustus Fund Administration LLP Consolidation By Angela Crawford-Ingles, Ambre Partners Reporting requirements for investor relations purposes By Monika Nachyla Private equity accounting - the auditor's perspective By Nat Harper, KPMG LLP There are a bunch of expert hedge fund accountants out there who haven't a clue about private equity fund accounting. In the post-global financial crisis world increased regulation of private equity and investor activism mean greater pressure on general partners to accept increased reporting requirements although this reporting can be sensitive. Are all claims paid in the order of entry in the claims docket? RECOMMENDED BACKGROUND An understanding of the basic concepts of corporate financing accounting principles is required, while prior knowledge of private equity and venture capital is not required however it is recommended, as this is a course designed to introduce you to the fundamental concepts in private equity and venture capital. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. They've been working on hedge funds for the last 10 years, or whatever. Lifetime Updates is an industry-first feature which allows you to receive verified self assessment updates, ensuring you always have the most accurate information at your fingertips. - they are the people who rule the future. The course deals with the analysis of the private equity and venture capital business. Primarily written by Mariya Stefanova, this professional guide anatomises every precise detail and required process that private equity firms and fund accountants should follow. Key lessons: Understand the precise workings of a private equity fund and its life cycle Consolidation, valuations and an auditor's perspective of private equity accounting Effectively report IRR and other performance metrics for investors Carried interest and carried interest modelling guidance Fund commercial terms and how they work How to read a Limited Partnership Agreement (LPA) in detail Difference between management fees and priority profit shares (PPS) About the author Mariya Stefanova has extensive experience in the specialist field of private equity accounting and in her capacity as a senior trainer she has trained over 130 fund accountants. Before now, if practitioners and accountants wanted to learn about and understand applied best practice of private equity accounting then the only way to unearth the professional secrets was by learning from peers. The series does not set out to provide you with 'All You Ever Need to Know About Private Equity Accounting'. You will, however, be provided with some tools with which you can tackle the PPM, the administration agreement, and that spreadsheet you just inherited! Larsen, Duff & Phelps LLC - Gaurav Marwah, Augustus Fund Administration LLP - Monika Nachyla Introduction to private equity for accountants By Mariya Stefanova Private equity structures and types of funds By Mariya Stefanova Why is private equity accounting different? It's full of user-friendly examples on every aspect of accounting in all of the main jurisdictions. Who should buy this book: Finance Directors Accountants / Chief Accountants Investor Relations Fund Administrators Portfolio Management Fund Placement Agents Fund Formation Lawyers Tax Advisers / Consultants Investors - Angela Crawford-Ingles, Ambre Partners Limited - Alistair Hamilton, Inflexion Private Equity Partners LLP - Nat Harper, KPMG LLP - David L. A learning curve can only be so steep before it falls back on itself! So, I'm going to run a number of posts on private equity fund accounting. Someone capable of asking the right questions and step back and say, 'What are we really trying to accomplish here?
